

Correction to “ α -Conotoxins Identify the $\alpha 3\beta 4^*$ Subtype as the Predominant Nicotinic Acetylcholine Receptor Expressed in Human Adrenal Chromaffin Cells”

In Table 3 of the above article [Hone AJ, McIntosh JM, Azam L, Lindstrom J, Lucero L, Witeaker P, Passas J, Blázquez J, and Albillos A, (2015) *Mol Pharmacol* **88**:881–893], the primer sequences were entered incorrectly. These errors did not affect the results or conclusions of the article in any way.

The authors regret these errors and any inconvenience they may have caused.

A new Table 3 with the corrected labeling is presented below and is now included in the online version of the article.
