

An important resource for everyone  
involved in research on the  
metabolism of drugs and chemicals

# DRUG METABOLISM AND DISPOSITION

The Biological Fate of Chemicals

Editor: Vincent G. Zannoni, PhD, University of Michigan,  
Ann Arbor, Michigan

DRUG METABOLISM AND DISPOSITION publishes *in vitro* and *in vivo* experimental results that bring readers significant and original information on xenobiotic metabolism and disposition, including metabolism of all pharmacologic agents or drugs and environmental chemicals, reactants, and preservatives. All papers are refereed to ensure a high standard of publication. The areas covered are:

- pharmacokinetics
- pharmacodynamics
- genetic, nutritional, and hormonal factors affecting the biological fate of chemicals
- toxicological consequences of xenobiotic metabolism

This journal should be a standard reference in all pharmacology and toxicology departments. It is also a valuable resource for all medicinal chemists involved in designing drugs and all biochemists involved with drug metabolism.

Bimonthly

## INFORMATION FOR SUBSCRIBERS

- CHANGE OF ADDRESS.** Please notify us eight weeks in advance. Send us your mailing label or your account number, along with your new address, and the date the change of address is to take effect.
- RENEWALS.** To ensure uninterrupted service, please renew your subscription two months prior to the expiration date of your current subscription. Current rates are available for up to three years.
- GIFT SUBSCRIPTIONS.** Do you have a friend or colleague who shares your professional interests? Give him or her a gift subscription to your journal. For assistance with your order, contact Customer Service, using our toll-free number (1-800-638-6423).
- CLAIMS OR CANCELLATIONS.** Claims for missing or damaged issues are honored for three months after the mailing date of the issue. If, for any reason, you are not satisfied with your subscription, you may cancel and receive a full refund on all unmailed issues.

To order back issues, bound volumes, reprints of journal articles, microfilm, microfiche, CD-ROM: Call or write Williams & Wilkins, 428 East Preston Street, Baltimore, MD 21202. Toll-free number: 1-800-638-6423.

Newsworthy and timely  
articles in your field

# MOLECULAR PHARMACOLOGY

Editor: **T. Kendall Harden, PhD**, University of North Carolina  
School of Medicine, Chapel Hill, North Carolina

Is your special interest receptors and neurotransmitters... drug  
metabolism... antibiotic and anticancer drug actions... or other  
areas related to the molecular basis of drug action? If so, you  
should be subscribing to **MOLECULAR PHARMACOLOGY**.

The editor's and editorial board's high standards ensure that the  
papers you read in **MOLECULAR PHARMACOLOGY** are on the  
cutting edge of research on drug action and selective toxicity at the  
molecular level. Original applications of biochemistry, biophysics,  
genetics, and molecular biology are juxtaposed with innovative  
pharmacologic research to elucidate basic problems in pharma-  
cology and toxicology, including such areas as molecular mecha-  
nisms involved in drug receptor-effector coupling, xenobiotic  
metabolism, and antibiotic and anticancer drug action. Start your  
subscription today to ensure access to the most newsworthy papers  
in your field. **Monthly**

Call toll-free to start your subscription immediately, **1-800-638-6423**  
from anywhere in the U.S. or Canada.
