Leading Pharmacology Journals

Publications of the American Society for Pharmacology and Experimental Therapeutics, Inc.

The Journal of Pharmacology and Experimental Therapeutics
Editor: John A. Harvey, Ph.D.

JPET is respected the world over as one of the leading research journals in the field of pharmacology. You’ll find broad coverage of all aspects of the interactions of chemicals with biological systems, including autonomic, behavioral, cardiovascular, cellular, clinical, developmental, gastrointestinal, immuno-, neuro-, pulmonary, and renal pharmacology, as well as analgesics, drug abuse, metabolism and disposition, chemotherapy, and toxicology. Monthly.

Drug Metabolism and Disposition: the biological fate of chemicals
Editor: Raymond F. Novak, Ph.D.

Drug Metabolism and Disposition publishes experimental results from in vitro and in vivo systems that bring you significant and original information on metabolism and disposition of endogenous and exogenous compounds, including pharmacologic agents and environmental chemicals. The areas covered are: xenobiotic metabolism, expression of drug metabolizing enzymes, regulation of drug metabolizing enzyme gene expression, pharmacokinetics, pharmacodynamics and toxicological consequences of xenobiotic metabolism. Bimonthly.

Pharmacological Reviews
Editor: Robert E. Sützel, Ph.D.

Pharmacological Reviews is a showcase for important review articles in your field, featuring longer papers on topics of high current interest. The areas covered in review papers have included biochemical and cellular pharmacology, drug metabolism and disposition, renal pharmacology, neuropharmacology, behavioral pharmacology, clinical pharmacology, and toxicology. No library serving the pharmacologic community should be without a subscription. Quarterly.

Drug Metabolism and Disposition: The Biological Fate of Chemicals

Editor: Raymond F. Novak, Ph.D., Wayne State University, Detroit, Michigan

Drug Metabolism and Disposition publishes experimental results from in vitro and in vivo systems that bring readers significant and original information on the metabolism and disposition of endogenous and exogenous compounds, including the metabolism of therapeutic agents and environmental chemicals. The journal also invites timely reviews, short communications and letters to the Editor. All submissions are refereed to ensure a high standard of publication. The areas covered are:

- metabolism, metabolite identification and mechanisms of metabolite formation
- expression of drug metabolizing enzymes
- regulation of drug metabolizing enzyme gene expression
- toxicological consequences of xenobiotic metabolism
- pharmacokinetics
- pharmacodynamics

This journal should be a standard reference in all pharmacology and toxicology departments. It is also a valuable resource for all medicinal chemists involved in drug design and all biochemists with interest in drug metabolism, expression or drug metabolizing enzymes and regulation of drug metabolizing enzyme gene expression. Bimonthly

Stedman’s Medical Dictionary, 25th Edition

Stedman’s/25 has an index-like, single-entry format in two columns of large, sharp print for quick scanning of the alphabetized entries. Plus the unique “dictionary within a dictionary” — the Stedman’s Subentry Locator — for locating elusive multi-word (subentry) terms, as spoken or written, by their modifying words. What’s more, only Stedman’s/25 includes:

- over 100,000 current terms
- 1,920 information-packed pages in an 8” x 10” format
- concise definitions with simplified phonetic spelling

1990/#7916-6/$43.00

The ultimate medical/pharmaceutical spellchecker available for WordPerfect and now Microsoft Word—with 200,000 words!

STEDMAN’S/25 PLUS FOR WORDPERFECT and MICROSOFT WORD

STEDMAN’S/25 PLUS is your single source for medical/pharmaceutical spell checking with WordPerfect and Microsoft Word. Containing all the medical spell checking power of the popular STEDMAN’S/25, it includes 30,000 industry-standard trade and generic drug names.

STEDMAN’S/25 PLUS FOR WORDPERFECT and MS WORD—for TOTAL spellchecking and increased accuracy and personal productivity!

WordPerfect—Single-User Version
- IBM version for 5.0 or later (#17556-4) $99.00
  (also works under Windows 3.x)
- MAC version for 2.02 (#17562-9) $99.00

MS Word for Windows 2.0/above and
  MacWord 5.0/above (#17611-0) $99.00

Starter Kit for up to 5 Users
- IBM/Windows (#17577-7) $345
- MAC (#17582-3) $345
- MS Word (Windows/Mac) (#17612-9) $345

Newsworthy and timely articles in your field

MOLECULAR PHARMACOLOGY

Editor: **T. Kendall Harden**, PhD, University of North Carolina School of Medicine, Chapel Hill, North Carolina

Is your special interest receptors and neurotransmitters... drug metabolism... antibiotic and anticancer drug actions... or other areas related to the molecular basis of drug action? If so, you should be subscribing to **MOLECULAR PHARMACOLOGY**.

The editor's and editorial board's high standards ensure that the papers you read in **MOLECULAR PHARMACOLOGY** are on the cutting edge of research on drug action and selective toxicity at the molecular level. Original applications of biochemistry, biophysics, genetics, and molecular biology are juxtaposed with innovative pharmacologic research to elucidate basic problems in pharmacology and toxicology, including such areas as molecular mechanisms involved in drug receptor-effector coupling, xenobiotic metabolism, and antibiotic and anticancer drug action. Start your subscription today to ensure access to the most newsworthy papers in your field. **Monthly**

Call toll-free to start your subscription immediately, **1-800-638-6423** from anywhere in the U.S. or Canada.
