Mark your calendar!

It’s the first time since 1983 that CPT is held in North America. Do not miss this one!

CPT2008 will bring together recognized international experts, in all areas of clinical pharmacology, clinical pharmacy, basic pharmacology, toxicology and pharmacoepidemiology to support better health outcomes and rational use of drugs.

The exciting program will appeal to attendees whose interests range from the molecular to community health. New sciences of pharmacogenomics and proteomics will be well represented. The program will allow open discussions on the advances of drug research and utilization.

The celebration of 400 years of Québec City history will provide an outstanding backdrop to sizzling science.

Organized by: the Canadian Society for Clinical Pharmacology (CSCP) and the National Research Council of Canada, under the auspices of the International Union of Basic and Clinical Pharmacology (IUPHAR).

Why Publish with ASPET?

Because ASPET gives you these advantages:

♦ **Low Page Charges** — $40/page for ASPET members, $80/page for nonmembers

♦ **Low Color Fees** — $200/color figure for ASPET members, $400/color figure for nonmembers

♦ **Online Manuscript Submission** — submit your manuscript 24/7 — whenever it suits your schedule; online peer review reduces review times; track the progress of your manuscript through the review process

♦ **Publish Online Ahead of Print** — manuscripts are published online shortly after acceptance — at least two months prior to print publication

♦ **Wide Dissemination** — accepted manuscripts are freely accessible immediately; fully formatted articles are freely accessible 12 months after publication; low-cost pay-per-view option for nonsubscribers; abstracts and tables of contents always freely accessible

ASPET Journals — Widely Read, Highly Respected
PLAN ON PUBLISHING
IN THIS JOURNAL?...

Did you know?

ASPET Members get reduced rates on page charges when they publish in this journal. Members only pay $40/page instead of the standard $80/page.

ASPET Members get full free online access to five journals:
- Journal of Pharmacology & Experimental Therapeutics
- Pharmacological Reviews
- Drug Metabolism and Disposition
- Molecular Pharmacology
- Molecular Interventions

Benefits for FASEB Society Scientists

The Federation of American Societies for Experimental Biology is an organization of multiple member societies representing tens of thousands of life scientists.

Working closely with member societies, FASEB staff provide strategic intelligence on policy developments, conduct policy research, and engage government and media relations.

HOW FASEB HELPS YOU

In addition to the benefits you receive from being a member in your own professional society, you also receive a variety of important benefits through your society’s membership in FASEB including:

- Access to FASEB’s Legislative Action Center
- FASEB’s Washington Update
- Subscription discounts for The FASEB Journal
- Members only online access to the FASEB Directory of Members
- CME at FASEB Summer Research Conferences and society meetings
- Career development resources
- Personal insurance programs
- Credit card and line of credit programs

To learn more about FASEB, visit www.faseb.org and go to “Information for Scientists” to download a brochure.

FEDERATION of AMERICAN SOCIETIES for EXPERIMENTAL BIOLOGY

FASEB Directory of Members Online
www.faseb.org/directory

The NEW FASEB Directory of Members Online is at www.faseb.org/directory. It is now a secure website available only to members of participating FASEB Societies. If you are a member of one or more of the following Societies, you have free access to professional colleagues around the world.

- The American Physiological Society
- American Society for Biochemistry and Molecular Biology
- American Society for Pharmacology and Experimental Therapeutics
- American Society for Investigative Pathology
- American Society for Nutrition
- American Association of Immunologists
- American Association of Anatomists
- The Protein Society
- Society for Developmental Biology
- The American Society of Human Genetics

The Directory is an essential reference for the life science community because it contains thousands of individuals representing the Federation’s participating Member Societies. We encourage you to keep your record up-to-date and use this online resource for obtaining contact information for your colleagues.

For additional information or to submit feedback, please contact FASEB at membershipdirectoryinfo@faseb.org.

Baylor College of Medicine

CENTER FOR MEMORY AND LEARNING
Department of Molecular & Cellular Biology

Tenure Track Faculty Position

Baylor College of Medicine is recruiting a tenure track Assistant or Associate Professor who utilizes the tools of contemporary molecular biology and/or pharmacology to investigate the fundamental mechanisms of learning and memory. Candidates who use animal models to study learning and memory and who have a record of accomplishment in the application of molecular/pharmacological and behavioral approaches are encouraged to apply. We encourage applications from candidates who have an interest in the development of pharmaceutical agents that alter cognition. Candidates should have a Ph.D. and/or M.D. and postdoctoral experience. The candidate will have their primary faculty appointment in the Department of Molecular and Cellular Biology and be a member of the Center for Memory and Learning, with opportunities for collaboration with other departments and programs. The position will provide a competitive allowance for laboratory start up and ongoing support. Send curriculum vitae and statement of research interests electronically as a single PDF to r0avis@bcm.tmc.edu. Have hard copies of at least three letters of reference sent to: Ronald L. Davis, Ph.D., Department of Molecular and Cellular Biology, Baylor College of Medicine, One Baylor Plaza, Houston, TX 77030 by March 15, 2008.

Baylor College of Medicine is an equal opportunity/affirmative action employer.
