The IXth World Conference on
Clinical Pharmacology and Therapeutics
July 27 – August 1, 2008
Québec City Convention Centre, Québec City, Canada

Incorporating the 5th Canadian Therapeutics Congress
(Canadian Society for Clinical Pharmacology, Canadian Association for
Population Therapeutics, Canadian College of Clinical Pharmacy)

Mark your calendar!
It’s the first time since 1983 that CPT
is held in North America.
Do not miss this one!

CPT2008 will bring together recognized international
experts, in all areas of clinical pharmacology, clinical
pharmacy, basic pharmacology, toxicology and
pharmacoepidemiology to support better health outcomes
and rational use of drugs.

The exciting program will appeal to attendees whose
interests range from the molecular to community health.
New sciences of pharmacogenomics and proteomics will be
well represented. The program will allow open discussions
on the advances of drug research and utilization.

The celebration of 400 years of Québec City history will
provide an outstanding backdrop to sizzling science.

Important Dates
Early Registration Deadline:
April 30, 2008
Accommodation Deadline:
June 16, 2008

Organized by: the Canadian Society for Clinical Pharmacology (CSCP)
and the National Research Council of Canada, under the auspices of the
International Union of Basic and Clinical Pharmacology (IUPHAR).

PLAN ON PUBLISHING IN THIS JOURNAL?...

Did you know?

ASPET Members get reduced rates on page charges when they publish in this journal. Members only pay $40/page instead of the standard $80/page.

ASPET Members get full free online access to five journals:

- Journal of Pharmacology & Experimental Therapeutics
- Pharmacological Reviews
- Drug Metabolism and Disposition
- Molecular Pharmacology
- Molecular Interventions

YOU CAN BE A MEMBER TOO!

Benefits for FASEB Society Scientists

The Federation of American Societies for Experimental Biology is an organization of multiple member societies representing tens of thousands of life scientists.

Working closely with member societies, FASEB staff provide strategic intelligence on policy developments, conduct policy research, and engage government and media relations.

HOW FASEB HELPS YOU

In addition to the benefits you receive from being a member in your own professional society, you also receive a variety of important benefits through your society’s membership in FASEB including:

- Access to FASEB’s Legislative Action Center
- FASEB’s Washington Update
- Subscription discounts for The FASEB Journal
- Members only online access to the FASEB Directory of Members
- CME at FASEB Summer Research Conferences and society meetings
- Career development resources
- Personal insurance programs
- Credit card and line of credit programs

To learn more about FASEB, visit www.faseb.org and go to “Information for Scientists” to download a brochure.

Training Opportunities for Graduate Students and PhDs

NIGMS Summer Short Courses in Integrative and Organ Systems Science

The National Institute of General Medical Sciences (NIGMS) is funding four summer short courses that provide specialized training for using intact organ system and in vivo animal models in the conduct of research. The purpose of each short course is to introduce graduate students and Ph.Ds to the knowledge and skills needed for integrative studies of organ systems and intact animals, and the physiological and biochemical responses of these systems to drugs. These critical skills are in short supply. Graduate students and Ph.Ds. with these skills are in great demand in both academic and industrial settings. Summer Short Courses in Integrative and Organ Systems Science are available at Michigan State University, University of California at San Diego, University of Nebraska Medical Center, and the University of North Carolina at Chapel Hill.

ASPET-Integrative Organ Systems Sciences(IOSS) Fund

The ASPET-IOSS Fund was created to provide support for graduate students and post-doctoral researchers seeking training in integrative, whole organ systems sciences. The ASPET-IOSS Fund will augment developing programs that provide training of students in integrative, whole organ systems sciences. The ASPET-IOSS Fund hopes to contribute to developing infrastructure to sustain and expand training in this critical area of research. Applications will be reviewed upon receipt and on a continuing basis. The ASPET-IOSS Awards are primarily available to support graduate students and post-docs who participate in an industry sponsored internship that furthers the students’ training and exposure to integrative, whole organ biology.

For details and inquiries about the NIGMS Summer Short Course Programs and the ASPET-IOSS Fund, visit the ASPET website at: http://www.aspet.org/public/public_affairs/pa_iooss.html
Molecular Pharmacology starting with volume 1, issue 1 is now online. All pre-1997 articles are available as PDF files. Article titles, authors, and abstracts are fully searchable.

Access to the MolPharm back issues is included with subscriptions. Nonsubscribers may access these issues using our pay-per-view system. If your institution has a print subscription to MolPharm, you should have online access as well. Ask your librarian to contact ASPET at info@aspet.org. We'll help establish access.

ASPEt membership includes online access to all five ASPET journals. We'll gladly help you activate your subscription if you haven’t done so yet. Benefit from the full MolPharm archive today!

ASPEt continues to make articles from 1997 onward freely available 12 months after publication, and Fast Forward articles are freely accessible upon publication.

FASEB Directory of Members Online
www.faseb.org/directory

The NEW FASEB Directory of Members Online is at www.faseb.org/directory. It is now a secure website available only to members of participating FASEB Societies. If you are a member of one or more of the following Societies, you have free access to professional colleagues around the world.

• The American Physiological Society
• American Society for Biochemistry and Molecular Biology
• American Society for Pharmacology and Experimental Therapeutics
• American Society for Investigative Pathology
• American Society for Nutrition
• The American Association of Immunologists
• American Association of Anatomists
• The Protein Society
• Society for Developmental Biology
• The American Society of Human Genetics

The Directory is an essential reference for the life science community because it contains thousands of individuals representing the Federation’s participating Member Societies. We encourage you to keep your record up-to-date and use this online resource for obtaining contact information for your colleagues.

For additional information or to submit feedback, please contact FASEB at membershipdirectoryinfo@faseb.org.

ASPET Membership

The Benefits Add Up!

ASPET Membership Includes FREE Online Access to:
- Journal of Pharmacology and Experimental Therapeutics
- Pharmacological Reviews
- Molecular Pharmacology
- Drug Metabolism and Disposition
- Molecular Interventions (print subscription also included)

Includes access to all archival issues going back to volume 1, issue 1, of each journal

Members Save 50% on Page Charges and Color Fees
- $40/page for members versus $80 for nonmembers
- $200/figure for members versus $400 for nonmembers
Includes JPET, Molecular Pharmacology, and DMD

Reduced Registration Fees for ASPET Meetings — Including Experimental Biology

Public Affairs Advocacy for Increased Research Funding and Science Policy Favorable to Biomedical Research — Public policy reports provided regularly

Reduced 2008 subscription rates for print journals:
- Journal of Pharmacology and Experimental Therapeutics - $191
- Pharmacological Reviews - $81
- Drug Metabolism and Disposition - $102
- Molecular Pharmacology - $138

Significantly less than nonmember prices
