Re: Abkhezr M and Dryer SE (2015) STAT3 Regulates Steady-State Expression of Synaptopodin in Cultured Mouse Podocytes *Mol Pharmacol* February 2015 87:231–239; doi:10.1124/mol.114.094508

A research misconduct investigation at the University of Houston initiated by Dr. S. E. Dryer has found that figures in this article were inappropriately manipulated and falsified. Portions of the same actin blots were improperly used to represent results from different experiments in Figures 2A and 4A.

Molecular Pharmacology in agreement with Dr. Dryer has retracted this article.
