

Correction to “Insulin-Like Growth Factor-1 Receptor Signaling Increases the Invasive Potential of Human Epidermal Growth Factor Receptor 2–Overexpressing Breast Cancer Cells via Src-Focal Adhesion Kinase and Forkhead Box Protein M1”

In the above article [Sanabria-Figueroa E, Donnelly SM, Foy KC, Buss MC, Castellino RC, Paplomata E, Taliaferro-Smith L, Kaumaya PTP, and Nahta R (2015) *Mol Pharmacol*, **87**: 150-161; DOI: <https://doi.org/10.1124/mol.114.095380>], the authors discovered that an incorrect image corresponding to group “pcDNA3.1 IgG” was included in Fig. 7B. A correct image from “pcDNA3.1 IgG” group is shown in the corrected Fig. 7 provided below. The HTML and PDF versions of the article have been corrected.

The authors apologize for any inconvenience this may have caused.
